

Norse mythology by

Norse mythology began with ymir a primordial frost giant who was slain by odin vé an víí. Ymir's skin was used for the ground his bones for the rocks and mountains. His blood for the lakes and rivers. Skull was used for the clouds and the sky. All the realms are connected by yggdrasil. The world tree. Otherwise known as the realm between realms. After yggdrasil come gigangotop an endless void

Asgard

Asgard is the realm of the asier gods like baldur, odin, and thor. The city is surrounded by hrimthurs wall which was made by a giant named hrimthur. The realm of asgard is

surrounded by plains and oceans with the capital being gladsheim. Asgard is connected to midgard by the bridge of bífrost. Which is a burning hot bridge used during the events of ragnarók. Guarded by heimdall

Midgard

Midgard is the realm of humans..

It is surrounded by jörmungander the world serpent. Midgard is home to bears deers trolls ogres and more. In the center of midgard is the lake of nine which hold tyr's temple. Tyr was the god of war in Norse mythology but instead of hurting people he helped them.

Located between asgard and helheim.

helheim

Helheim is the realm of the dead and home to Fenrir the hound of Hel. Hraesvlger the bird of Hel which is a giant eagle.. Hel is where people who die an dishonorable death go. Hel also terrorizes its inhabitants with their own past. Some people who refuse to die are called hel-walkers.

Hel is the coldest realm as not even Odin could withstand the coldness

Álfheim.

Álfheim is the realm of the elves. The light of álfheim is where bífrost gets its light and power. The light of álfheim can make you hallucinate by seeing past things. The temple of light is surrounded by the lake of light.

vanaheim

Vanaheim is home to the vanir gods like fréya freyr and frigg. Some valkyrie also live there like sígrün and kolá. It is home to a bunch of unique species like wolvers deadly plants and infected ogrs/ nightmares.. Vanaheim has a large rainforest part known as the wildwoods but there is a dry arid part as well

svartalfheim

Svartalfheim is the realm of the dwarfs in Norse mythology.

It has the aruvangler wetlands and the city of nidavelear

Jotunheim

Jotunheim is the realm of the giants in Norse mythology. It is home to the tallest mountain.

Some famous jotnar are Thamur and Jormungandr

Muspelheim

muspelheim is the realm of fire and heat it is home to the fire giants . It is one of the 2 primordial realms. It is guarded by surtr who is the main piece in ragnarök.

nifelheim

Nifelheim is the realm of ice and mist. Nifelheim is home to the frost giants like sinmara and thamur. Nifelheim is a primordial realm and is also home to the goddess hel after she was thrown into nifelheim by odin.
